

Hit The World's Longest Driver Sponsored by _____

Everyone at today's outing will be able to hit this giant Five-Foot Long Driver with the world's largest DOUBLE-SIZE head!

This amazing club can smash the ball out of sight...**if you can make contact!!!** Some beginners hit great shots. Some low-handicap golfers swing and miss. It's fun to try...and fun to watch.

It will be on hole # _____ today. If you don't connect and drive it farther than 300 yards, you can still hit the next shot from the 300 yard marker, and the drive doesn't count as a stroke! In other words, you will be hitting your "first" shot from the 300 yard marker, allowing you to hit the green with your first stroke and putt for a **DOUBLE EAGLE!** Bonus: You get to putt to any of 4 holes on the green almost guaranteeing a double eagle or eagle!

Whoever hits the longest drive in the fairway with this club wins a \$50 discount coupon on any products at www.DivnickGolf.com.

\$20 donation per foursome. Unfortunately, we only have a right handed driver. Lefties can designate another player to hit for them. Thank you for participating.

Pre-Tournament Practice Shots

You can take practice shots at the driving range before the tournament begins at a rate of 5 swings for a \$5 donation!

► Win a 5-Foot BIG STIK Driver at our auction ◀

One of these amazing drivers is available at our auction today.

If you win the auction, you can have fun with your giant driver anytime!

You can display it in your office where it is sure to generate lots of conversations.

The shaft is telescopic! So it's easy to transport...and even fits in a travel golf bag!

The World's Longest Driver is manufactured by www.DivnickGolf.com.

DivnickGolf offers a variety of other telescopic clubs for travel, including the "Whole-In-One" Adjustable Loft Golf Club, hybrids, wedges, and a several putters.
